Enpower Technology Co.,Ltd.

COMPANY PROFILE

Introduction

Enpower Technology Co., Ltd. is a company specializing in manufacturing of battery packs with the most complete design, manufacturing, packaging and sales. Main products include the two-way radio batteries and accessories, crane remote control batteries, military batteries, barcode scanner batteries. Our products are faced to consumer, government and enterprise all over the world. Our staffs have over 10 years' experience in their specialties. We provide professional design for customer different demands. Enpower maintains a solid reputation with its high quality products, emerging technologies and golden customer service. Responding to market demands, we will focus on the next further growth and implement the concepts of "green manufacturing, green design, green procurement, and green sales".

Mission

We Enpower strive to be the best in our field when it comes to cost efficient power and client satisfaction.

Value

To achieve our goal we need to have values to adhere by like:

Friendly customer care.

Deliver professional service.

Good quality products.

Cost efficient systems

Keep customers updated with specials and new item ranges.

 Enpower Technology Co.,Ltd.
